

WAR VETS FILING PENSION CLAIMS

Federal Offices in 54 Cities Begin Receiving Applications Under New Law.

By The Associated Press
WASHINGTON, July 12—An army of infirm men have begun a march on government headquarters in 54 cities of the United States, seeking to share additional benefits provided for World War veterans in the closing hours of the last congress.
Colonel George E. Ijams, assistant director of the veterans' bureau, said today that thousands already have visited regional headquarters throughout the country applying for disability compensation under the new law.
So thoroughly prepared was Uncle Sam that the government machinery will begin grinding out benefits before another month passes.
Additional help for war veterans provided in the new act will amount to about \$25,281,000 by the end of next year. It is estimated, and it will increase yearly, reaching about \$80,000,000 during 1935. These sums are in addition to the half billion dollars now being spent by the veterans' bureau.
About 150,000 former soldiers made eligible for relief for the first time since the war ended will share the new bounty by the end of 1931. They will increase in number annually, reaching about 250,000 in five years.
The new act provides that any honorably discharged veteran now disabled shall receive an allowance from Uncle Sam. Previously he had to demonstrate his inability was the result of war service.

SHOTS EXCHANGED IN CEMETERY ARE FATAL

Blackmailer and Trooper Killed in Attempt to Break Up Extortion Scheme.

By The Associated Press
MONESSEN, Pa., July 12—A state trooper and a suspected blackmailer shot each other to death in a cemetery here yesterday.
The trooper, Private Charles Stewart, 23, was assigned with other officers to guard a packet containing \$10,000 in marked money, placed near a tombstone by W. J. Wright, wealthy furniture dealer, who recently received a death threat.
Shortly after the troops took up their vigil, a man later identified as John Sabo, 26, of Monessen, appeared in the cemetery. As he stopped to pick up the packet, Stewart moved upon him. Sabo whipped a pistol from his pocket and fired at Stewart, wounding him in the abdomen. As he fell to the ground, Stewart fired at Sabo, killing him instantly. Stewart died a few minutes after being removed to the Monongahela hospital.
Wright told police he received a letter several days ago, demanding the \$10,000 in the cemetery today at 2 p. m. He was to be slain if he failed to comply with the demand, the letter said.

Harpster News

HARPSTER—Mrs. Emma Butcher and daughter of Marion were guests of Mr. and Mrs. C. M. Sandridge, Friday.
Mrs. Anna Touchet was called to Parma Friday on account of the illness of her daughter, Mrs. Scott Vickers.

R. B. Chase of Columbus spent Sunday with Mr. and Mrs. Robert Arthur.
Carlott Osborn returned home Sunday.

A definite reason for extra value in our

USED CARS

WHEN you buy a used car you should be sure the price is not just above the actual worth of the car, to allow the dealer to recoup an excessive trade-in allowance.
Under the Ford policy there is no incentive for this sort of practice—for the price of the new Ford car is so low, and the value so high, that unreasonable trade-in concessions are hardly possible.
We allow the buyer of a Model A just what his old car is worth—and we offer that used car for sale on the same basis. Model T Fords are reconditioned throughout, and guaranteed. Prices for other makes of cars are based on the service you will get from them. Right now we are offering unusual bargains in unused transportation.

Mrs. L. J. Schaefer has returned home from Jane Case hospital in Delaware.
Mr. and Mrs. D. R. Thomas, family were visitors in Marion Saturday.

PLAN ANTI-MALT DRIVE

By The Associated Press
ST. PAUL, July 12—A concerted drive on shops and stores that sell the specific kind of malt used for the manufacture of "home brew" will be made by prohibition forces in the northwest district, it was indicated today by Andrew J. Volstead, Jr., advisor of the district, and father of the prohibition enforcement act. The corner grocery store which sells malt is likewise to come under scrutiny of dry forces, Volstead said.

You Break It—We Fix It. Marion Welding Co., 12 Oak St.—Ad.

To Our Customers--

... Who Will Be Responsible If Gas Service Fails?

MARION'S gas delivery capacity is only 63 percent of the need for residential use. There is no gas for industrial use except for a short time during the summer months. Since this Company acquired the Logan Gas Company properties there has been abundant gas available, but the one eight-inch main line and the present local distribution plant will not carry more gas.

Six years ago this situation became apparent. It is fair to assume action would have been taken then to correct the condition before any harm resulted but the stability and earning power of the investment were threatened by a rate fight. In other cities and towns not in the fight prompt improvements were made and progress continued.

The Company may be blamed by some people for not investing, going ahead and taking a chance. These same people probably would not do so with their own money. When a man's house is threatened with fire would he sanely build an addition to it?

This Company does not expect to make large earnings. Limitations fixed by law will not permit it to do so. Unless it can show ability to earn some return on investment, however, its credit would be impaired and it could not finance its business and the development demanded by growth and change in the communities served.

The Logan rate case, started six years ago, still continues. Whenever finally decided, it will not settle the price of gas in Marion. It will determine only certain principles and legal precedents of interest largely to lawyers in future rate cases.

A business concern's opportunity to earn a fair profit could not possibly wait upon such a long drawn-out proceeding. Bankruptcy and failure would settle the question ahead of adjudication.

A community's industrial growth and residential comfort cannot wait upon such a process in these times because it retards industrial expansion, causes unemployment and slows down business generally. The Logan case already has cost Marion more than any difference in the price of gas involved---and the cost in time and money still continues.

An investment of \$125,000 is necessary to add to the gas delivery capacity of Marion. This means another main line and larger distribution lines in several parts of the city. Most of this cost is for labor. Gas delivery capacity would be increased more than 100 percent. There would be gas for industry.

All this depends on whether Marion gas users are willing to pay a little more for reliable service. The increase proposed averages only two cents per day per customer. The rate is less than the gas is worth. It is below the Ohio average gas rate. It is no more than other cities and towns, that started in the rate case and have withdrawn, are paying. It is a just price---fair and right. It will assure progress.

Now---who will be to blame if poor gas service occurs this winter? The lines are carrying all they can carry. Additional and larger line capacity must be built. It will take four months and a sizeable investment. The Company is not only ready, but anxious, to do this job in a way that will help Marion and please every customer.

All the Company asks is some encouragement---some assurance---some chance of at least breaking even in Marion.

THIS WHOLE QUESTION CAN BE SETTLED IN ONE EVENING BY YOUR CITY COUNCIL. YOUR COUNCILMEN WANT TO DO WHAT YOU THINK IS RIGHT. IT TAKES COURAGE TO BE A COUNCILMAN WHEN QUESTIONS LIKE THIS ARE UP. THEY DESERVE SUPPORT. CONSTRUCTIVE ACTION IS THE NEED OF THE HOUR. THE COMPANY HAS DONE ALL IT CAN TO GET THIS MATTER SETTLED. WHO WILL BE RESPONSIBLE IF GAS SERVICE FAILS?

R. C. Ford
District Manager

The Ohio Fuel Gas Co.

TRINITY PICNIC DATE CHANGED

Sunday School Will Hold
Affair at Garfield Park
Wednesday.

The Trinity Baptist Sunday school picnic to have been held July 20, will be held Wednesday, July 23, instead, at Garfield park. Miss Elizabeth Sylvester and Mr. Donald Dutton and a group of friends spent Sunday at Columbus.

Carl Schuster was a Sunday caller at the home of Mr. and Mrs. Clem Bishop.

Falling Short

A SERMONETTE
BY REV. J. A. CARPENTER
Pastor Forest Lawn Presbyterian Church

JESUS said to the learned and reverent scribe who showed a true understanding of what a man's relationship to God and his fellow man ought to be, "Thou art not far from the kingdom of God." Not far from the kingdom but not in it—just short of it.

This man represents a group of people who just fall short of many good things in life. This particular man seems to have had the best of a lot of good things, such as education, position and respect; but he was short of the best thing of all—the kingdom of God.

In every community and in all walks of life there are people who are falling short; just short of finding friends, just short of making a happy home, just short of holding a job, just short of success in business, just short of being a real Christian.

In the garden of Gethsemane when Jesus was just short of accomplishing our salvation it is said that "He went a little farther on." He went "a little farther on" with His burden, His faith, His courage, His love and His purpose, until on the cross He could say of our salvation, "It is finished."

When just short of the best things in life, let us determine to go "a little farther on" in self-examination, in unselfishness, in seeking the truth, in moral courage, in faith, in hope, in love.

GROVES WILL LEAD MEETING

Union Services To Be Held at
First Presbyterian Church
Sunday Night.

Rev. George E. Groves, pastor of Central Christian church will preach the union service sermon Sunday at 8 p. m. at First Presbyterian church on Church and Prospect streets. The order of service will be in charge of First Presbyterian church. The young people of Central Christian church will be in charge of the young people's meeting at 7 p. m.

In the absence of Rev. H. L. Olewiler, pastor of the hostess church, Rev. James M. Fisher, director of Lee Street Presbyterian church, will provide and conduct the services.

A union orchestra, of pieces from the various church musical organizations, will be a feature of the services. Rev. Groves will preach on "The Two Ways."

Frances Fairchild will lead the young people's meeting.

Church News Told in Brief

Dr. Edmund C. Lindsay of Chicago will occupy the pulpit at First Presbyterian church Sunday morning in the absence of Rev. Howard L. Olewiler, pastor, who is on his vacation. Union services of the eight central churches of the city will be held at the church at 8 p. m.

The Cleaners class of First Church of the Brethren, Reed avenue and Church street, is offering such service at their ice cream social next Friday on the church lawn, opening at 5:30 p. m.

Union services of Forest Lawn Presbyterian and First Church of the Brethren churches will be held at the Brethren church Sunday at 7:30 p. m. with Rev. J. A. Carraker of Forest Lawn church in charge of the preaching services. His sermon will be on "Practicing Faith in God and Man."

Young People's meetings and worship services at Lee Street Presbyterian church have been set ahead 15 minutes Sunday night in order that Rev. James M. Fisher, director, may preside at the union services at First Presbyterian church. Young People's services will be at 6:30 p. m. and worship services at 7:15 p. m.

Five-Mile Hike Held
by Young People's Union

The Intermediate Baptist Young People's Union of Emmanuel Baptist church went on a five-mile hike Thursday morning and returning Thursday afternoon. Twenty-three boys and girls and the pastor, Rev. S. F. Porter, were in the group. A picnic dinner was enjoyed, followed by games. The next social event of the union will be a party a short time before school starts.

Three Meetings Slated
for Church This Week

The Trinity Baptist church calendar for the week includes three meetings, two on Monday and the Sunday school picnic for Wednesday at 3 p. m. Monday at 7 p. m. the Boy Scout troop will meet at the church and at 5 p. m. World Wide Guild chapter 151 will hold a picnic at the Ketter home on the Claridon pike.

7:30 p. m.—Thursday, prayer meeting.

CHAUTAQUA TO SHOW "PIGS"

The last number of the 1930 Chautauqua season will be a play, "Pigs," presented Monday, July 25 at 8 p. m. at the Chautauqua pavilion by the Salisbury Players. "Pigs" was played here a year ago by a stock company, and was considered one of the high spots of the winter's program.

"Pigs" was a Broadway hit when it played on the Great White Way, and is an amusing comedy from beginning to the last lines. There are, however, moments of drama and an underlying note of seriousness.

The story concerns Tommy Atkins, Jr., a bright American youth who is determined that he can make real money if his father will lend him \$250 to buy pigs that are ill, and by curing them, sell them at a large profit. Mildred Cushing, his sweet heart, helps him raise the necessary funds.

The company is under the management and direction of Edith Salisbury Hanley.

This play is one of four to be given on this year's Chautauqua program. The Salisbury Players will also present "The Lady Mark," "The Bergmann Play company will present "New Brooms" and "The Big Pond" on the opening day and night, July 21.

Ministers Like All Other Human Beings When Vacation Periods Roll Around

Men of the Gospel have desires to get away from their pupils and the guidance of their congregations, just as business men and laborers like to get away from the humdrum and bustle of their everyday lives. And Marion ministers are no different from men over the world when "vacation" is brought up.

With one exception, the six pastors intervened on the subject Friday had their vacations outlined and knew where they were going and when, which is more than most working men and women know a week before they start.

Rev. S. F. Porter, pastor of Emmanuel Baptist church, was the exception. He has made no definite plans about his pleasure period this year, because he feels the need of a big revival in his congregation. This interest in the welfare of his congregation may deprive him of a well-earned vacation.

One of the longest trips on the calendar of ministerial vacations is that to be taken by Rev. and Mrs. H. L. Olewiler of First Presbyterian church. They left last Monday on a vacation that will extend to Sept. 1, and will include a trip to Nova Scotia. Their headquarters for a time will be at York, N. S.

Rev. Lawrence A. Wood, pastor of Trinity Baptist church, is going to take a "different" vacation. He and Mrs. Wood are leaving Aug. 3 for Indian Lake for several weeks of "near-toughing it" in one of the cottages at the resort. Their vacation will extend over a month, and will include some time spent at Lakeside for the annual institute. They will be in Marion frequently, however.

Lakeside-on-Lake-Erie will be the vacation spot for Rev. and Mrs. W. L. Kelley.

Mr. and Mrs. Wallace Hill and Miss Elizabeth Hill of Columbus, called at the Sarah Cunningham home Sunday enroute to Cleveland.

Mrs. J. M. Guise, of Mansfield, and Mr. and Mrs. Fred Condrin of Cleveland, were guests at the L. C. Donnenworth home Friday.

Mrs. W. P. Michel returned home Saturday from St. Luke's hospital at Cleveland where she had been taking treatment. She is reported as being improved.

Mrs. Frank McBride, Mrs. John Lehner, Mrs. Walter Lehner and children and Neil McBride spent Wednesday at the home of Dr. and Mrs. H. Chandler at Massillon.

Joe Willis of Tulsa, Okla., spent Thursday with Mr. and Mrs. Frank McBride.

Sunday dinner guests at the home of Mr. and Mrs. Frank McBride were Mr. and Mrs. A. P. Kern, Miss Glenora McBride and Raymond Hiser of Columbus.

Mr. and Mrs. C. C. Hale of Delphos are stopping a few days with Rev. and Mrs. Elmer M. Drubay on their return home from a visit at Six Lakes, Mich.

Miss Lorain Smith and Herbert Worden of Detroit, Mich., and Mrs. W. H. Bair of Cleveland were guests of Mr. and Mrs. L. O. Shaffer Tuesday.

Miss Mary Norton of Marion is spending this week with her grandparents, Mr. and Mrs. L. O. Shaffer.

O. S. Rice returned Thursday after a month's fishing trip at Carp Lake, Mich.

Rev. and Mrs. R. E. Stevens of Mt. Vernon were visiting with friends here Monday and Tuesday. Rev. Stevens was formerly pastor of the Church of Christ here.

Mrs. William Mooney and son of Marion visited from Saturday until Thursday with her mother, Mrs. Melvin Fink.

Mr. and Mrs. Everett Shumaker and children are spending this week with Mrs. Shumaker's parents, Mr. and Mrs. A. R. Glaze.

WILL ATTEND CHURCH MEET

Local Minister Combining
Morning Sessions on Day
of Conference.

The tri-county meeting of Christian churches at Bucyrus Sunday, will be attended by Rev. George E. Groves, pastor of Central Christian church, and about 30 members of the Marion congregation.

Marion, Crawford and Mercer counties will meet for an annual business meeting and sessions for letters and in order to attend as much of a morning session as possible, Rev. Groves is combining the Sunday school and morning church service at 9 a. m., to be closed at 10 a. m.

Morning and afternoon sessions will be held, with Dr. Fred Kersh of the Bible department of Ball College in Indianapolis as the main speaker at both sessions.

The Marion delegation will enjoy the basket dinner at noon in the church basement.

At the business session, officers of the association will be elected for a coming year.

The Stars Say— For Sunday, July 20

Sunday's horoscope shows the possibility of a short journey, or some kind of minor change, but otherwise the energies may be turned to cultural or material things, with the mind disposed to be introspective and the general demeanor, even in social and domestic contacts, serious or solemn. There may be a pleasant recognition from elderly persons or institutions.

Those whose birthday it is may be prepared for some sudden change or journey of minor importance during the year, but accompanied by some small financial anxieties. The mind may be active in plans and schemes and disposed to be profound and practical. Benefits from elderly persons are in prospect. A child born on this day may be disposed to many plans, constructive and practical, although of a rather utopian or visionary nature. It may be fond of change but should benefit through elderly persons and institutions.

For Monday, July 21.

Monday's astrological forecast is for great activity and initiative, with affairs stirring or seething in all directions. The faculties and energies will be high pitched and volatile and should be properly and entirely directed into conservative channels, lest they incite the plans enterprises to a place or toppling over. With judicious handling there are excellent prospects of unusual success and achievements, but be cautious in launching new projects.

Those whose birthday it is may be prepared for a year in which the faculties and energies are stimulated up to high adventure and initiative. But unless they be calm and conservative, they may over top themselves and fall of their own impetus. It is a time of opportunity for achievement and progress but new ventures should be manipulated with precaution. A child born on this day should be enterprising and adventurous with excellent equipment for success and high attainments in many directions.

Elmer Koup and Edwin Kelsey, Harrisburg, Pa., seniors at Louisiana state university, have hiked 33,000 miles in the last few years.

ART, MUSICDaughters of Revolution To
Open Season With Luncheon

MID SUMMER days with their vacation activities and outdoor sports seem a far cry from the days when club women will begin their series of program meetings for the season 1936 and 1937. Among the first organizations to open the season will be the Captain William Hendricks chapter of the Daughters of the American Revolution which will convene Sept. 11 for a nine o'clock tea at Hotel Harding.

Jefferson's administration will be studied at the Oct. 8 meeting and Ellis Island will be the theme for a play No. 1. The Christmas season will furnish material for the December meeting and in January the members will discuss National Defense. Washington's birthday will be observed with a luncheon on the anniversary date and on March 12 the daughters will discuss Ohio to the Revolution. The annual birthday party will be celebrated on April 9 and the annual meeting will be held May 14. The season's activities will close with a flag day observance on June 14.

Twenty First Anniversary
Honored At Birthday Party

Mr. and Mrs. Garfield France of Lee street entertained Thursday night honoring the twenty first birthday anniversary of their son Elmer. Assisting the hosts were Mrs. Elmer VanMeter and Mrs. Luther Sparks. Guitar and French harp music by Dale Sparks, and a radio program were enjoyed. Mr. France received remembrances from his friends. Lunch

GOOD MONEY
PREVENTING FIRES

Last year the fire losses of the United States reached the alarming total of over \$250,000,000. More than 16,000 lives were lost. A very large percentage of these losses were in small towns and on farms.

Now, a large, nationally known Ohio Corporation has taken a step to prevent fires. They are appointing men of good character to represent them in every community in the United States. The men they appoint will act as their trained fire prevention experts and receive an exceptionally good income for their services. No experience is required. The training will be given free to the men appointed. The work can be handled in either spare time or full time. Many are now making an high as \$300 a month in spare time. Any man in this territory who is interested can get details by writing to Mr. Ray O. Hahn 1975 E. E. E. Bldg. Dayton, Ohio—Adv.

Just
Things

—BY EDNA S. DUTTON—

Picnics

At least once every season most everyone gets a fever to load up a basket with sandwiches, etc., and join the great caravan of picnickers and right now the temperature seems to have reached the top of the thermometer. The epidemic is no respecter of persons and a glance around the picnic grounds discloses everyone but the family cat amongst those present. After the weather popular veranda sport these days is banding out the dope on nice locations to picnic. And can one eat and how? There seems to be something about being turned loose in a park or grove that gives one a feeling of for the once at least. Hoyle. Emily Post and all the rest can do bang for who within the confines of the four walls of their own kitchenette or dining room would think of piling on their plate a ham sandwich with a meatloaf and half a chicken to say nothing of the background of potato chips salad, baked beans, etc., and right on down the grocery list. It is small wonder that the poor new, after having, haphazardly accepted an invitation to eat with the organization whose session she has dutifully covered, counts her ducks at the close of the week and wonders which one of her creditors came out about this time and beat it. It is true she actually took on three pounds and yet what must it have been in the old days when the iron fisted city editor passed out the family remonstrances on assignments marked "cover." And you who have been reuniting, for the last 20 or 25 years did you ever see a reporter that landed on the ground in less than five minutes before time to ask the blessing?

Rags

Maybe you've seen him and may be you love him a scrap of bread or a nice round house with some rag in it. If you haven't been a visit from him you certainly will in time for he seems to get everywhere. "He is a pretty little thing," say they, who spurn the very thought of a permanent residence but who is as much at home as the owner of the house wherever he decides to spend an hour a day or a night. There are those imbued with the spirit of cleanliness who believe that Rags, as this little friend is called by everyone, would be greatly benefited by the use of a scrubbing brush and soapy water but being up in his business Rags is no where to be found when the scrubbing time is at hand. He knows nothing better than spending a morning with a gang of youngsters and no game is too tough for him to take part in. Here's hoping the dog-eater's wagon break's down before Rags has to climb into it.

Dobbin's Paradise

HAVANA is the end of the rainbow for poor old Dobbin who by this time is of the opinion that paths of glory lead but to the glue factory. In that city horses stop for the American tourist and drive the old fashioned carriages and victorias about the quaint streets. Statistics show that more than 800 horses at least are working every day.

ESCAPE DEATH IN FIRE

By The Associated Press
OLLYLAND O. July 19.—Six men leaped from windows in night at fire and one girl and another man were rescued by firemen when they were trapped in a burning house on the East Side early today. All were partly overcome by smoke. Damage was estimated at \$10,000. It was believed the flames started from a smoldering cigarette.

We Disagree!

For years, financial writers have been pounding on the theme that in saving money "the start is the hardest part." They've almost convinced the public it is true.

We believe the start is the easiest part. Adding to your savings regularly is where the difficulty comes in. Everyone starts with good intentions but it takes perseverance and determination to stick to a regular schedule the only way to make your fund grow.

M'Kinley Park Dressed Up; Many Changes Made

South End Site Becomes One of City's Most Beautiful Spots; To Open Sunday with Completion of Boulevard.

McKinley park will make its debut to the Marion public to a new garb Sunday when the park boulevard, linking the Harding Memorial drives with Prospect street by way of McKinley park is officially opened.

The completion of the park has undergone several decided changes in the last few weeks. Needless to say, the changes were for the better, for Dr. E. K. Mann, chairman of the park board, has carried out some very definite ideas concerning park beautification.

The lake, probably McKinley park's greatest asset, has been dressed up. Instead of dangerously sloping clay banks, on which no vegetation would grow, the park visitor now finds a safe and at least pleasant approaching shoreline of stone laid into a wall where the banks were formerly bare.

Other spots along the bank, where flowers will grow, have been seeded, and will be permitted to remain unchanged. Mindful of the desire of south end youngsters to visit the lake with a fishing tackle in hand, a 70 foot portion of the lake shore has been made into a small pier where the children may fish all day without trampling flowers or wearing away the shore line.

Given New Front Door
With the opening of McKinley park boulevard, Marion's only southern park is given a new front door. Instead of using the old entrance, visitors will drive into the park by way of Edgewood drive. McKinley park boulevard branches off this drive into the heart of the park, and through to Delaware avenue on the Harding Memorial drive.

This drive previously used to gain entrance to the park will be shrunk into a footpath, leading across a bridge at the south end of the lake. Several cords of underbrush and dead trees have been cleared out of the park, under direction of Dr. Mann. All low-hanging branches that otherwise interfered with a walk through the park have been cut away, leaving the park neatly pruned.

Generally Beautiful
That which was formerly acres of leaves and free limbs has been raked away, leaving the floor of the park considerably enhanced. Streets have been placed at various points and the park beautified generally.

Equipment forming a children's playground has been repaired and will soon be ready for use. The playground will also be graded and seeded.

With the city hard pressed financially, work at the park has been under way principally through contributions made to Dr. Mann by Marion citizens. Pleased with the work now under way at the park, these persons have donated various amounts toward the beautification of the park.

One supply firm has donated 12 tons of sand to make a sandpile in each park. A six ton pile is now outstanding dozens of children in McKinley park daily.

Program Planned Out
Although yet a dream, a rock garden, small pool, and flower garden are on the program of this year and next at McKinley park. This will be sponsored by nature lovers, using one corner of the park near the entrance which Dr. Mann has offered to make available for that purpose.

In this project, flowers will be donated by those interested, and the flower garden will be beautifully landscaped.

It is with the idea of making Marion parks a pleasant spot to visit, in which to hold a reunion or picnic, that the park board is pushing work at the parks this year.

"There is no reason why Marion can't have parks just as beautiful as those in much larger cities," Dr. Mann said while reviewing the work. The park board chairman has invited all Marion to visit the park and see the work progress. The city service department in charge of director D. J. Harlow has cooperated with the board in its park beautification program.

FORMER LOCAL MAN CLAIMED IN TOLEDO
Body of Jerry Nulk Will Be Buried in St. Mary's Cemetery.

Jerry Nulk, former resident of this city and a brother of Mrs. Joseph Voll of Lafayette street, died today at 7 a. m. at his home at 2026 Lawrence avenue in Toledo following an illness of several months with cancer of the stomach. The body will be brought to Marion for interment in St. Mary's Catholic cemetery. Funeral arrangements have not been completed.

Mr. Nulk, who was past 60 years of age, was born in Carlington and was the son of Mr. and Mrs. Henry Nulk. He resided in this city for a number of years and was employed as an engineer with the Erie Railroad Co. The family moved to Toledo about 13 years ago.

Surviving are the widow, two daughters, Mrs. Baker Stotsworth and Mrs. Frank McLaughlin, one son John Nulk of Toledo, one sister Mrs. Voll of this city and two brothers Henry Nulk of Carlington and John Nulk of Columbus.

TWO NEW MODELS
Chrysler Announces Straight Eight Automobile Today.

Following the apparent trend in the motor car industry, Chrysler Motors Co., Inc. is announcing a new line of straight eights, the first to be built by the company. The additions to the Chrysler line will be known as the Chrysler Eight and the Chrysler Imperial Eight. The cars will be offered in four distinct body styles.

All steel bodies will be used in the construction of all models of the eights.

The Imperial Eight will be powered with the Chrysler motor developing a maximum of 125 horsepower.

The cars may be seen on display at the Harry W. Halbermann showroom, South Prospect street.

TAXES PASS HALF MILLION

50 Per Cent of Collection for Last of 1929 Paid to County.

Collection of Marion county taxes for the second half of 1929 passed the half-million-dollar mark yesterday. County Treasurer Bert J. Shelton announced today.

The figure of \$502,103.53 is \$1,294.78 higher than the total collected on July 15 of last year, when \$498,116.75 had been placed in the county coffers.

A total of \$79,263.03 was collected yesterday, and a similarly large amount is expected to be taken in today. The half-million-dollar figure is approximately one-half of the amount expected to be collected on the second half of 1929, Shelton said.

Collection will be located considerably next week when six county banks will aid the treasurer by acting as his agents in their respective districts. The Caledonia bank this week collected taxes from Claridon, Seout and Tully townships.

On Tuesday and Wednesday of next week the Laflue bank will receive taxes from Montgomery, Bowling Green and Grand townships, while the Campbell National bank will collect from the same district on Thursday and Friday. The Prospect-Union Bank will handle taxes for Prospect township residents on Wednesday, Thursday and Friday.

Three banks will act as collecting agents on Thursday and Friday. The Morris bank will handle the Salt Rock township district, the Waldo bank will collect from Waldo township, and the Peoples bank at Green Camp will receive tax money from Green and Grand townships.
